

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. *(Currently Amended)* A medical device package comprising:
a main cap member with a cavity therein, the main cap member including:
a proximal end; and
a distal end;
a medical device comprising a test strip and a dermal tissue penetration member; and
a minor cap member,
wherein:
the cavity has a cavity opening at the proximal end of the main cap member; ~~the cavity is configured to receive, and to securely and removably retain, the cavity opening having a size that permits receiving and removably retaining~~ no more than a portion of ~~[[a]]the~~ medical device with electrical contacts therein such that the electrical contacts project from the cavity opening and minor cap member, and
the minor cap member is configured to seal the cavity opening once the medical device has been partially received in the cavity.
2. *(Original)* The medical device package of claim 1, wherein the main cap member includes at least one lateral channel and wherein the medical device is securely and removably retained by a friction fit between the medical device and the at least one lateral channel.
3. *(Original)* The medical device package of claim 1, wherein the main cap member includes a directional marker.
4. Canceled
5. Canceled
6. *(Original)* The medical device package of claim 1, wherein the minor cap member is a breachable minor cap member.

Serial No. 10/666,154

7. (*Original*) The medical device package of claim 1, wherein the minor cap member is configured for permanent attachment to the medical device.

8. (*Original*) The medical device package of claim 1, wherein the main cap member further includes a distal end cavity configured for disabling the medical device.

9-18. (*Canceled*)
